"Collection of incunabula and early medical prints in the library of the Surgeon-general's office, U.S. Army": Ser. 3, v. 10, p. 1415-1436. The world's biggest spider is a bird-eater! This book introduces young readers to bird-eating spiders. Students will learn about the sizes, behaviors, habits, dietary needs, methods of defense, anatomy, and colors of different bird-eating spiders. Reproduction and spiderling development are also introduced. A diagram of a spider's body aids readers in indentifying anatomical features. Threats to the spiders and their habitat including predators and humans are covered. Readers will also learn where the spiders build their unique homes. A distribution map shows where bird-eating spiders are found, so the young arachnologist can be on the lookout for a specimen to observe. Full-color photos allow close observation without travel or fear of a bite! Glossary words in bold, phonetic spellings, and an index supplement easy-to-read text. These books are ideal for research reports and general reading. Checkerboard Library is an imprint of ABDO Publishing Company. Centerstream presents this detailed look at the inner workings of the famous musical instrument manufacturer of Kalamazoo, Michigan before World War II. For the first time, Gibson fans can learn about the employees who built the instruments, exactly where the raw materials came from, the identity of parts vendors, and how the production was carried out. The book explains Gibson's pre-World War II factory order number and serial number systems, and corrects longstanding chronological errors. Previously unknown information about every aspect of the operation is covered in-depth. Noted historian Joe Spann gathered firsthand info from pre-war employees, and had access to major Gibson document collections around the world. Long time Gibson experts, as well as casual collectors, will find this volume an indispensable addition to their reference shelf. Paths to College and Career Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation. A true crime thriller -- the first book for teens to tell the nearly unknown tale of the brazen attempt to steal Abraham Lincoln's body! The action begins in October of 1875, as Secret Service agents raid the Fulton, Illinois, workshop of master counterfeiter Ben Boyd. Soon after Boyd is hauled off to prison, members of his counterfeiting ring gather in the back room of a smoky Chicago saloon to discuss how to spring their ringleader. Their plan: grab Lincoln's body from its Springfield tomb, stash it in the sand dunes near Lake Michigan, and demand, as a ransom, the release of Ben Boyd --and \$200,000 in cash. From here, the action alternates between the conspirators, the Secret Service agents on their trail, and the undercover agent moving back and forth between the two groups. Along the way readers get glimpses into the inner workings of counterfeiting, grave robbing, detective work, and the early days of the Secret Service. The plot moves toward a wild climax as robbers and lawmen converge at Lincoln's tomb on election night: November 7, 1876.
